Please fill out this form if you are interested in pursuing an endorsement by Progressive Democrats of Genesee Valley.

Progressive Democrats of Genesee Valley is a local chapter of Progressive Democrats of America (PDA). A grassroots activist organization of over 100,000 members nationwide, PDA was founded in 2004 to transform the Democratic Party and our country. "[PDA] seeks to build a party and government controlled by citizens, not corporate elites -- with policies that serve the broad public interest, not just private interests." In 2008, PDA was honored as *The Nation* magazine's "Most Valuable Political Group of 2008."

"PDA strives to rebuild the Democratic Party from the bottom up – from every Congressional District, to statewide party structures, to the corridors of power in Washington – where we work arm in arm with the Congressional Progressive Caucus. [Its] inside/outside strategy is guided by the belief that a lasting majority will require a revitalized Democratic Party built on firm progressive principles."

Progressive Democrats of Genesee Valley is working to expand the Democratic Party by promoting progressive ideals and creating a voice for progressive solutions within the Party. As an activist network in the Greater Rochester, New York area for progressive causes, we are dedicated to reaching out to progressives within and without the Party to promote:

- Government that works for people
- Sustainable policies
- Campaign reform
- Peaceful solutions

We want a Democratic Party that stands for peace, fair trade, universal health care, clean elections, a clean environment and economic justice.
